19 – 20 NOVEMBER 2019

Hotel Titanic
Chaussee, Berlin

ORGANISER

MEDIA PARTNER

[Reasons to Participate]

JANN FEHLAUER
Managing Director
DEKRA Automobil GmbH

DEKRA has been active for safety for more than 90 years. In 1925, when the “Deutscher Kraftfahrzeug-Überwachungsverein e.V.” was founded, commercial vehicle safety was the main objective. The basic idea of the founders was to carry out technical checks for commercial vehicles on a regular basis. The statutes’ rules retained the association’s purpose, which is maintaining and improving operation and road security for commercial vehicles. To this day, DEKRA has been committed to that goal.

Meanwhile we have become one of the world’s leading expert organizations working in about 60 countries on five continents. Since 1925 the scope of our work for safety has broadened considerably. However, commercial vehicle safety will always be one of our core concerns – not least because the 23,000 DEKRA e.V. members are from the transport industry.

Yet unlike in 1925, this is no longer about mechanical safety only. There are new challenges due to electronic driver’s assistance systems, increasing automation and connected vehicles. If you wish to guarantee commercial vehicle safety you need to make sure for electronic systems and wireless connections to be reliable and safe over the entire life cycle of the vehicle. Further future issues are alternative drives and the reduction of CO₂ emissions.

Therefore, all these issues are on the agenda of the 3rd DEKRA Commercial Vehicle Outlook Conference. The conference has become a top-class platform for exchanging information on commercial vehicle safety and sustainability. Once again you can expect interesting lectures of manufacturers and suppliers, transport professionals as well as academic and political representatives of the commercial vehicle industry.

I am looking forward to welcoming you on November 19th and 20th in Berlin.

JANN FEHLAUER

DR. JÖRG ADOLF
Chief Economist,
Shell Deutschland
Oil GmbH

JÖRG AHLGRIMM
President,
European Association for
Accident Research and
Accident Analysis

TIM BAUMEISTER
Business Development

PROGRAM

[Tuesday, November 19, 2019]

08.00 – 09.00	ADMISSION, REGISTRATION AND OPENING OF THE EXHIBITION
09.00 – 09.20	OPENING SPEECH Jann Fehlauer, Managing Director, DEKRA Automobil GmbH
09.20 – 09.30	WELCOME BY Oliver Trost, Managing Director, EuroTransportMedia Verlags- und Veranstaltungs-GmbH
09.30 – 09.50	KEYNOTE LECTURE: Megatrends – Situation in the Truck Industry Dr. Kurt-Christian Scheel, Managing Director, German Association of the Automotive Industry (VDA)
09.50 – 10.10	KEYNOTE LECTURE: Stand on regulatory framework and industry expectations Steffen Bilger, Parliamentary State Secretary, Federal Ministry of Transport and Digital Infrastructure
10.10 – 10.30	<div></div> PRESENTATION OF THE EUROPEAN SAFETY AWARD FOR COMMERCIAL VEHICLES BY DVR, EVU AND DEKRA Jörg Ahlgrimm, President, European Association for Accident Research and Accident Analysis
10.30 – 11.00	NETWORKING BREAK AND EXHIBITION VISIT

[Session A]

COMMERCIAL VEHICLE TECHNOLOGY

[Active safety of commercial vehicles]

11.00 – 11.20	A 1.1	Turn assist system legislation Federal Ministry of Transport and Digital Infrastructure (requested)
11.20 – 12.00	A 1.2	Dialog: Turn assist retrofit – technology and eligibility for funding Dr. Matthias Feistel and Martin Groschke, Managing Directors, LUIS Technology GmbH; Steffen Hladik, Head of Whole Vehicle, DEKRA Automobil GmbH; Anton Klott, Technical Management, Edeka Southern Bavaria; Heinrich Wüllhorst, Managing Director, Wüllhorst Fahrzeugbau GmbH & Co. KG; Moderation: Thomas Rosenberger, Editor-in-Chief lastauto omnibus
12.00 – 12.20	A 1.3	Safety of Mercedes-Benz trucks Dieter Schoch, External Affairs Safety Projects and Global Markets, Daimler AG
12.20 – 12.40	A 1.4	Artificial intelligence for assist systems Christian Eilers, Software Project Manager, Continental Teves AG & Co. oHG

[Session B]

TELEMATICS

[Bringing up the rear – Trailer telematics]

11.00 – 11.20	B 1.1	Trends and Obstacles Ralf Johanning, jury member of the German Telematics Award; Carsten Nallinger, Managing Director, trans aktuell, TeleTraffic, eurotransport.de
11.20 – 11.40	B 1.2	The digital trailer Marco Reichwein, Managing Director, Cargobull Telematics GmbH
11.40 – 12.00	B 1.3	Krone Smart 4.0 – Keeping an eye on the cargo Ralf Faust, Managing Director, Fahrzeugwerk Bernard Krone GmbH & Co. KG
12.00 – 12.20	B 1.4	How data and telematics is driving transformation in the construction industry Felix Restle, Strategic Account Executive, Trackunit A/S
12.20 – 12.40	B 1.5	Connecting all road transport – the journey towards full digitalization Jens Zeller, Managing Director, Idem telematics GmbH
12.40 – 14.00	LUNCH, EXHIBITION VISIT, PRESS CONFERENCE	
14.00 – 14.20	KEYNOTE LECTURE: Electrification of commercial vehicles – from the standpoint of the sub-supplier Winfried Gründler, Senior Vice President, ZF Friedrichshafen AG	
14.20 – 14.40	KEYNOTE LECTURE: Digitalization – expectations and reality Prof. Dr.-Ing. Heinz-Leo Dudek, Pro-rector/Dean, Baden-Wuerttemberg Cooperative State University (DHBW), Faculty of Technology	

[Session C]		COMMERCIAL VEHICLE TECHNOLOGY [CO ₂ reduction – regulatory framework]	
14.40 – 15.00	C 1.1	Towards Euro 7 – What comes after Euro 6 and CO₂ legislation? Dr. Felipe Rodríguez, Researcher, International Council on Clean Transportation (ICCT)	
15.00 – 15.20	C 1.2	Vecto development in the future Artur Runge-Metzger, Director, Directorate General for Climate Action, European Commission	
15.20 – 15.40	C 1.3	Panel discussion: Who will profit from CO₂ thresholds Stef Cornelis, Manager Clean Trucks, Transport & Environment; Thomas Fabian, Director Commercial Vehicles, ACEA – European Automobile Manufacturers Association; Matthias Maedge, General Delegate, International Road Transport Union (IRU); Artur Runge-Metzger, Director, Directorate General of Climate Action, European Commission; Moderation: Thomas Rosenberger, Editor-in-Chief lastauto omnibus	
[Session D]		TELEMATICS [on the platform]	
14.40 – 15.00	D 1.1	Platforms as basis for new approaches to networking and adding value Till Savelkoul, Business Development, Daimler AG / Fleebtboard Logistics GmbH	
15.00 – 15.20	D 1.2	Short time to high performance in your supply chain Jesper Bennike, EVP Sales & Business Development, project44 A/S	
15.20 – 15.40	D 1.3	Real added values – The 360° utilization of telematics data in the logistics process Pete Jendras, CEO, NIC-place	
15.40 – 16.10		NETWORKING BREAK AND EXHIBITION VISIT	
[Session E]		COMMERCIAL VEHICLE TECHNOLOGY [CO ₂ reduction – alternative drivelines and fuels]	
16.10 – 16.30	E 1.1	Fuel strategy for goods transport Stefan Siegemund, Acting Head of Division Renewable Energies and Mobility, dena – Deutsche Energie-Agentur GmbH	
16.30 – 16.50	E 1.2	Setting up an LNG infrastructure Dr. Jörg Adolf, Chief Economist, Shell Deutschland Oil GmbH	
16.50 – 17.10	E 1.3	Comparison of operating costs of LNG and electric trucks Stef Cornelis, Manager Clean Trucks, Transport & Environment	
17.10 – 17.30	E 1.4	Challenges facing motor technology of the future: The multi-power approach of FPT Industrial Stefano Golini, Alternative Fuels Projects – Advanced Engineering, FPT Industrial S.p.A.	
17.30 – 17.45	E 1.5	Elevator Speech Bernhard Kerscher, Managing Director Marketing & Sales, Fliegl Fahrzeugbau GmbH	
[Session F]		TELEMATICS [Retrofitting trucks for the future]	
16.10 – 16.30	F 1.1	Digitalization instead of tracking Wolfgang Schmid, Sales Director D-A-CH, webfleet solutions	
16.30 – 16.50	F 1.2	The impact of IoT, Big Data and cloud technology on the transport sector of tomorrow Philippe Colpron, Vice President and Global Fleet Solutions Leader, WABCO	
16.50 – 17.10	F 1.3	A standard solution to digitally networking all logistic partners Jens Uwe Tonne, Managing Director, Couplink Group AG	
17.10 – 17.30	F 1.4	The role of telematics in digital scheduling operations Thomas Brabender, Managing Director, Brabender Group AG	
17.30 – 17.50		DAY 1 COMES TO AN END	
19.00		Shuttle service to evening function, reception, welcome, SHOW AND AWARD CEREMONY GERMAN TELEMATICS AWARD 2020, evening meal and conclusion	

PROGRAM

[Wednesday, November 20, 2019]

08.00 – 08.50	ADMISSION, REGISTRATION AND OPENING OF THE EXHIBITION
08.50 – 09.00	WELCOME BY Oliver Trost, Managing Director, EuroTransportMedia Verlags- und Veranstaltungs-GmbH
09.00 – 09.20	KEYNOTE LECTURE: Intercultural exchange – speaking about people Iffet Türken, Member of the Management Board of Kässbohrer Fahrzeugwerke GmbH
09.20 – 09.40	KEYNOTE ADDRESS: Megatrends shaping future road transportation Andreas Wimmer, Vice President Systems/Vehicle Technologies, Knorr-Bremse Systeme für Nutzfahrzeuge GmbH
09.40 – 10.10	NETWORKING BREAK AND EXHIBITION VISIT

[Session G]

COMMERCIAL VEHICLE TECHNOLOGY

[CO₂ reduction – e-mobility and trailer technology – Part 1]

CO₂ reduction by 30 % by 2030 – What contribution could trailers make?	
10.10 – 10.30	G 1.1 Uwe Burckhardt, Head of Administration and Sales, DEKRA LausitzringTest Circuit, DEKRA Automobil GmbH; Tobias Töpfer, Manager System Simulation & Testing Commercial Vehicle Powertrain, IAV GmbH
10.30 – 10.50	G 1.2 The right battery technology for commercial vehicles Sven Schulz, CEO, AKASOL AG
10.50 – 11.10	G 1.3 Dialog with keynote lecture: Sustainable transport solutions (the trolley truck in test) Matthias Strehl, Managing Director, Ludwig Meyer GmbH & Co. KG; Stefan Ziegert, Product Manager Alternative Transport Solutions, Scania Deutschland GmbH
11.10 – 11.40	G 1.4 E-mobility expectations with the MAN eTGS by way of example Oliver Klug, Senior Vice President eMobility, MAN Truck & Bus SE
11.40 – 12.10	G 1.5 E-mobility expectations with the Mercedes eActros by way of example Ralf Greshake, Corporate Procurement & Fleet Management, Kraftverkehr Nagel SE & Co. KG; Christian Lazik, Product Manager Mercedes-Benz eActros, Daimler Trucks; Rainer Schmitt, Managing Partner, Walter Schmitt GmbH

[Session H]

TELEMATICS

[Start-up input]

10.10 – 10.30	H 1.1 The start-up challenge from Asia Max-Alexander Borreck, Principal Transport & Logistics, Oliver Wyman GmbH
10.30 – 10.50	H 1.2 Harmony in the supply chain – reliable ETA in a complex supply chain Marian Pufahl, CEO & Co-Founder, SYNFIIOO GmbH
10.50 – 11.10	H 1.3 Truck parking app – safer parking Tim Baumeister, Business Development R+V Innovation Lab, R+V Versicherung AG
11.10 – 11.30	H 1.4 The digital planner Gerhard Hänel, Managing Director, IMPARGO GmbH
11.30 – 11.50	H 1.5 Logistics goes online – opportunities and risks Felix Wiegand, founder & CEO, Pamyra GmbH

[Session I]

COMMERCIAL VEHICLE TECHNOLOGY

[CO₂ reduction – e-mobility and trailer technology – Part 2]

12.10 – 12.30	I 1.1 The MAHLE eWHR Box: Presentation on achieving the CO₂ thresholds and improvement of the TCO B. Eng. Hannes Marlok, Project Manager for Waste Heat Recovery Technologies, MAHLE GmbH
12.30 – 12.50	I 1.2 E-mobility & CO₂-free refrigeration in distributor logistics Roland Klement, Board Member responsible for Research & Development, Schmitz Cargobull AG
12.50 – 13.10	I 1.3 Facts, practical insights and perspectives of electric city transport Josha Kneiber, Business Development Electromobility, BPW Bergische Achsen KG; Hans Werner Kopplow, Head of Electromobility Development, BPW Bergische Achsen KG; Wolfgang Wüllhorst, Head of Business Unit Fleet Management, Berliner Stadtreinigung

[Session J]

12.10 – 12.30	J 1.1	Low Cost Tracker operating in the logistics sector Lars Vorbeck, Senior Product Consultant IoT, T-Systems International GmbH
12.30 – 12.50	J 1.2	Tracking & tracing with the new OG network from Sigfox Stefan Huber, Sales Manager, Sigfox Germany GmbH
12.50 – 13.10	J 1.3	Value of LoRaWAN industrial asset tracking Pierre Gelpi, LoRa Vertical Marketing Director, SEMTECH
13.10 – 14.00		LUNCH, EXHIBITION VISIT
14.00 – 14.20		COSTS AND BENEFITS OF INNOVATION Ron Borsboom, Board Member responsible for Product Development, DAF Trucks N.V.

[Session K]

14.20 – 14.40	K 1.1	Keynote lecture: New dimensions and weights for heavy commercial vehicles – Results from the revision of 96/53 Frederik Rasmussen, Deputy Head of Unit, DG Mobility and Transport, European Commission
14.40 – 15.10	K 1.2	Discussion: Implementation of EC 96/53 Stef Cornelis, Manager Clean Trucks, Transport & Environment; Prof. Dr. Dirk Engelhardt, Spokesman of the Board, Federal Association of Road Haulage, Logistics and Disposal, Thomas Fabian, Director Commercial Vehicles, ACEA – European Automobile Manufacturers Association; Frederik Rasmussen, Deputy Head of Unit, DG Mobility and Transport, European Commission; Moderation: Thomas Rosenberger, Editor-in-Chief lastauto omnibus
15.10 – 15.20		NETWORKING BREAK AND EXHIBITION VISIT

[Session L]

15.20 – 15.40 Uhr	L 1.1	Keynote lecture: Automated goods transport – a traffic law panacea? Prof. Dr. jur. Dieter Müller, University teacher, University of Saxon police
15.40 – 16.00 Uhr	L 1.2	Findings of the Platooning practical test Torsten Klein, Senior Vice President Research (EZR), MAN Truck & Bus SE; Dr. Chung Anh Tran, Head of Autonomous Driving – Road Transport, Deutsche Bahn AG
16.00 – 16.20 Uhr	L 1.3	Continental and Knorr-Bremse project center for highly automated driving – objective and initial results. Interim findings Dr. Frank Leitner, Product Manager Driver Assistance & Automated Driving, Knorr-Bremse Systeme für Nutzfahrzeuge GmbH; Julian Ronczka, Innovation Management – Division Interior, Continental
16.20 – 16.40 Uhr		FAREWELL

DATE, SIGNATURE

[German Telematics Award 2020
at gala night on Tuesday,
19 November, 2019]

GERMAN TELEMATICS AWARD 2020

ETM Verlag carries out the German
Telematics Award 2020 in eight categories
and thus provides more transparency in an
otherwise confusing market.

EUROPEAN COMMERCIAL VEHICLE
SAFETY AWARD 2019

The European Commercial Vehicle
Safety Award is carried out by the
German Traffic Safety Association
(DVR), the European Association for
Accident Research (EVU) and DEKRA for
excellent technical innovation or lifetime
achievements. Honored are experts,
who have made a special contribution
to commercial vehicle safety.
